The College of Communication (CCI) Leadership Board (Board) often serves as a strategic sounding board for the CCI Dean and, informally, as advocates for CCI within the University and at the State level. We therefore invite new Board members to learn more about CCI specifically, University-wide goals, and the metrics against which the University is evaluated by the State University System of Florida (SUS) Board of Governors, as reflected in the following documents/links. You'll also find more information about how the Board does business, contact information for your Board colleagues, and the latest CCI Development Report. For continuous learning, be sure to also follow CCI at https://www.facebook.com/CCIFSU/
